Subject: Anti Nevada Nuclear Storage

---

Wendy R. Dixon:

1      My Dear Ms. Dixon, I wish to voice my extreme displeasure to any and all attempts to place, either 'temporary' or permanent, nuclear waste of ANY kind within the boundaries of my beautiful home State of Nevada. We don't want it here, it can stay where it originates, and let the nice folks there figure it out. And I will gladly inform any and all people who will listen, to send off a letter voicing the same, and hopefully, polite requests, to keep nuclear waste far, far, from my unspoiled State of Nevada. Thank you for you kind attention. Mike Denley 1901 Altivo Dr. Henderson, Nevada 89014
